

CENTRAL STATION RADIO MONITORING

... a simple way to save!

If your current monitoring approach uses telephone lines ... try ours and **save \$45./month.** Become part of a comprehensive wireless network and gain significant revenue, communications and cost advantages while meeting the high standards of reliability required for the fire and security industry. See the difference!

* As of March 2009		Central Station Radio Based Monitoring	Digital Communicator and Telephone Lines
Savings	Monthly Monitoring Fee	\$55.	\$40.
	Phone Lines	not required	\$60 (\$30 X 2 required per NFPA 72)
	Total Monthly Cost	\$55.	\$100.
	Initial Equipment Installation/Lease Cost	\$700.	
	ROI vs Telephone Approach	< 16 months	
Features & Benefits	Speed	1-3 seconds	45 seconds minimum dial-up time
	Signal Acknowledged	Yes, 2-way acknowledgement	None
	Multiple Paths	Yes, up to 8 routes	No, single route
	System Control	Yes, remote diagnostics and programming	No, public system
	Full Alarm Data	Yes, for Fire, CO, Burglary, Supervisory	Yes
	Maintenance	Low - remote system maintenance	High - phone company required
	Installation	Easy and cost effective, eliminates need for cable, trenching, and wiring	Coordinate with phone company

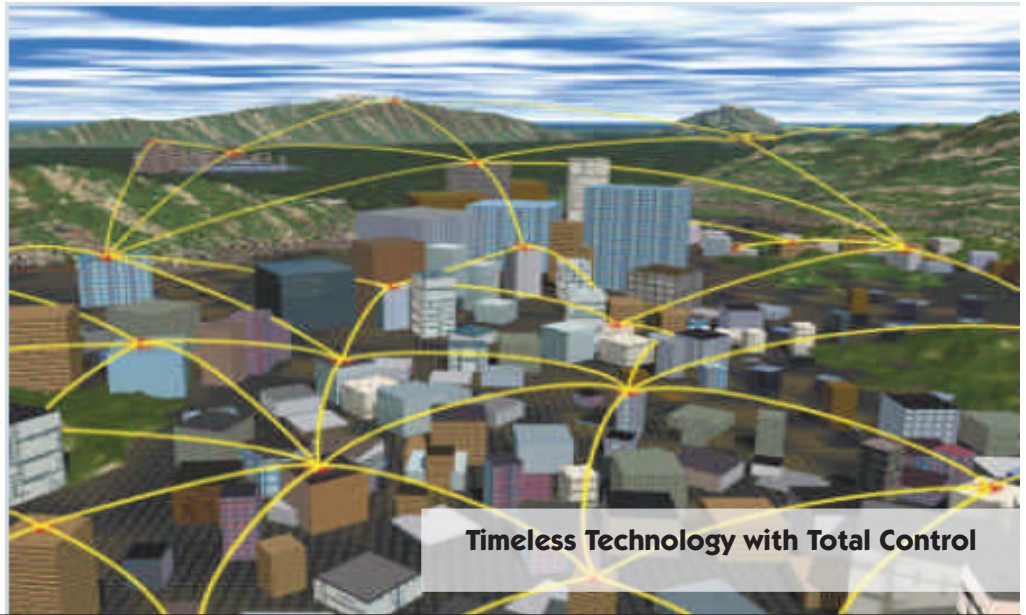

* Comparison is "typical" based on current costs. While actual costs may vary, the percentage of dollars compared between Central Station Radio Monitoring and the UDACT System is accurate.

Join the Network ...

With our approach you will become part of the patented wireless mesh network which provides significantly faster response speeds than traditional alarm monitoring technologies including telephone and radio tower based solutions.

This network provides more reliability and more redundancy. Since the Alarm Monitoring Tranceivers make up the network, the need for a radio towers and radio engineering expertise is negated. The network is self-enrolling and managing.

UL 864 Listed, NFPA Compliant, Provides Central Station Monitoring in compliance with Massachusetts State Building Codes

Timeless Technology with Total Control
